

## **WHITNEY HOUSTON'S PERTH CONCERT CANCELLED**

Andrew McManus has today regrettably announced that due to difficulties in securing rock n roll air ride trucks to transport the touring sound and lighting equipment to Perth, Whitney Houston's concert at ME Bank Stadium on Saturday, 6 March, 2010 has had to be cancelled. The shortage of air ride trucks has come about by the AC/DC and George Michael tours taking up 95% of those available.

**For full refunds ticket holders should contact Ticketmaster 136 100.**

The remainder of the Australian tour will proceed as scheduled.
